

# Take the Pledge

At some point everyone is a pedestrian. As parents and caretakers, we want to keep our children safe at all times. Talk to your children about the dangers of distracted walking and share these simple guidelines to ensure their safety.

- I will keep my head up, eyes and ears open at all times
- I will not use devices or headphones while walking or riding my bike
- I will cross at the crosswalk and not in between cars
- I promise not to talk to others while crossing the street
- I promise to ride my bike in the same direction as traffic
- I promise to look left-right-left when exiting the school bus
- I promise not to dart out in traffic
- I will encourage my friends and family to do the same
