

Look Within Yourself

Walking to the edge of the river
don't-can't
reflect on
your choice
this is not helping
rivers,
reflections
are just bogus
don't have to go to one
you just have to look
within yourself
right where you are
and just
be like a river
flowing
every question
in your mind
let it fall out and
Think about it
No fails here
like a river
deep inside yourself
find it
it's there
