

Look Within

The train click clacks along the tracks
First look I see a homeless man
Dirty clothes, face and hands

Look within
A hero, a veteran still suffering from the trauma of war
Beneath the tattered shell is so much more

The quiet kid with her nose in the book
She never says a word
Take a second look

Look within
A best friend to share laughs
To make memories together
More in common that we knew
Real friends forever

The grumpy old man at the end of the street
Quiet he yells, "don't stomp your feet!"

Look within
A teacher of music
Wise with lessons to share
Now when I look into his eyes
I see how much he cares

Me, a girl prejudice once before
Knows now to look within before she can be sure
