Walking to School

Walking is the oldest and most widely used form of transportation around the world!

Cross at corners & crosswalks

If you see a car, WAIT! Make sure there are no cars coming from either directions before you cross a road. Your crossing guard will tell you when it is safe to cross.

The crossing light will let you know when to cross

Always walk on sidewalk facing traffic

Walking is a great way to get exercise and helps our planet by reducing harmful carbon emissions from automobiles.

Always pay attention to your surroundings. Do not use your phone near busy streets and traffic. If you have headphones on make sure you can still hear cars around you.

It is hardest to see & be seen at DUSK Between 3:00pm-7:00pm

Funded by a grant from the New York State Governor’s Traffic Safety Committee through the National Highway Traffic Safety Administration.
