Pedestrian Safety – Watch for Walkers!

Pedestrians have the right of way, and not all communities have sidewalks. Often, pedestrians will share the roads!

Top tips for Vehicle Drivers to Keep Pedestrians Safe

- Vehicles MUST stop for pedestrians in crosswalks ALWAYS!
- Make sure you slow down near/in school zones, and especially around parks and playgrounds
- Before you turn or backup, look for pedestrians – and look with your eyes, even if you have a back-up camera
- Always obey speed limits, and drive safely for the road conditions

Top tips for Pedestrians

- ALWAYS use crosswalks where possible, and wait for the crossing light
- Look both ways multiple times before crossing the street
- Don’t forget to look behind you, especially at corners
- Use a sidewalk whenever possible
- If there is no sidewalk, walk against traffic
- Wear bright and/or reflective clothing when walking
