

How Does ConcernCenter's Platform Work?

Their Concerns, Your Resources, One Platform

Easy to Use

- Let people search for support simply by indicating their concern.
- Sort and filter resource results by price, languages spoken, or services offered.
- Translate into over 100 languages.
- Break down resource results by site.

Customizable

- Customize the user-experience to match your organization's brand and colors.
- Use stickers to represent resources at a glance (Crisis Service, BIPOC Support, Available Anywhere, Free Resource).
- Add unlimited resources and concerns.
- Search within a 5, 15, and 50 mile radius of their ZIP code.

Accessible

- Make it easy to contact a resource directly from the platform.
- Give users access to a quick escape button.
- Be accessible to students with screen readers or other assistive tech devices.
- Keep user information de-identified.

Responsive

- Allow users to suggest edits when they think contact information is incorrect.
- Allow administrators to view which concerns are selected most often.
- Provide a place to share information about someone who is struggling.
- Customize responses sent from each resource.
